## Sexual and Reproductive Health Centres

Canada has an estimated 120 sexual and reproductive health centres or clinics. Only some are listed above. Some SRH centres may provide medical abortion, but most do not.

- BC alone has about 65 clinics operated by Options for Sexual Health, which is a charity.
- All 4 Planned Parenthood clinics are charities.
- Charity status of remainder not all checked, but it appears a minority are charities.

In addition, several doula agencies provide abortion support – most of these are listed above.

*Not included:* Abortion clinics and hospitals (see below).

## Clinics and Hospitals That Provide Abortions

This list includes abortion clinics, hospitals, and CLSCs in Quebec (local community services centres) that provide abortion – traditionally, aspiration and surgical abortions; but now also medical abortion.

- **25** standalone clinics (**5 are charities**)
- **13** hospital-based women’s clinics focused on reproductive healthcare (**11 are charities**)
- About **67** additional hospitals (**most are charities**)
- About **21** CLSCs in Quebec (**most are charities**)

*Not included:* Primary care clinics and doctors’ offices that may provide medical abortion.
